Bangkok, the vibrant capital of Thailand, is a bustling city that never sleeps, blending a tapestry of diverse cultures and religions. Here, temples and monasteries peacefully coexist amidst towering skyscrapers. Street bazaars and floating markets compete with upscale shopping malls and commercial centers, creating a dynamic urban landscape. Thailand, the 12th largest country in Asia, spans over 198,000 square miles with a population of 67.9 million. Bangkok, as one of the world's premier tourist destinations, attracts a significant majority of foreign visitors. The city's unique charm lies in its ability to seamlessly blend tradition with modernity. Thailand's largest island, Phuket in the Andaman Sea attracts the most visitors thanks to its winning combination of tropical island beauty and many activities and attractions such as Phuket Old Town. The country experiences both summer and winter monsoons due to its strategic location between extensive land and water masses. The climate in Thailand varies, with average temperatures ranging from 18 to 38 degrees Celsius.
