Past Event Report

About Past Event:

Scientex Conferences successfully hosted the “3rd World Congress on Primary Healthcare and Medicare Summit” in Dubai, UAE on November 13-14, 2023. The event centered around the themes of “The Whole Society Approach to Primary Healthcare” and proved to be a remarkable success. Distinguished keynote speakers from renowned companies and universities graced the occasion, making significant contributions as they addressed the gathered audience.

We extend our heartfelt gratitude to all the esteemed guests, keynote speakers, poster presenters, and delegates for dedicating their time and sharing their valuable research within our peer network. The collaborative relationship we have forged with these attendees and associations brings us immense joy, and we anticipate continued and even greater support in our forthcoming events. Special appreciation goes to our keynote speakers — Akio Nakamura from Jissen Women’s University, Japan; Ricardo Rosales Ledezma from Virolab S de RL de CV, Mexico; and Choosak Nithikethkul from Mahasarakham University, Thailand. Their unwavering support significantly contributed to the resounding success of our healthcare conference through insightful presentations, elevating the event to a distinguished level. We also express sincere thanks to our media partners for their invaluable contribution to the promotion and success of our event.

Venue

GRAND MERCURE BANGKOK ATRIUM

1880 New Petchburi Road, Bangkok Huay Kwang, Bangkok, 10310 Thailand

Bangkok, the vibrant capital of Thailand, is a bustling city that never sleeps, blending a tapestry of diverse cultures and religions. Here, temples and monasteries peacefully coexist amidst towering skyscrapers. Street bazaars and floating markets compete with upscale shopping malls and commercial centers, creating a dynamic urban landscape. Thailand, the 12th largest country in Asia, spans over 198,000 square miles with a population of 67.9 million. Bangkok, as one of the world's premier tourist destinations, attracts a significant majority of foreign visitors. The city's unique charm lies in its ability to seamlessly blend tradition with modernity. Thailand's largest island, Phuket in the Andaman Sea attracts the most visitors thanks to its winning combination of tropical island beauty and many activities and attractions such as Phuket Old Town. The country experiences both summer and winter monsoons due to its strategic location between extensive land and water masses. The climate in Thailand varies, with average temperatures ranging from 18 to 38 degrees Celsius.
